

Whole Community Purpose Statement

Working Draft (1st November 2017)

Co-creating a thriving and loving world

As a conscious community, we strive to demonstrate a practical spirituality in harmony with nature, and play our part to positively transform humanity and the earth.

The purpose of the whole Community is to be a place of inspiration and transformation – a centre of love and light, a centre of fiery hope. We hold a positive vision for humanity and the Earth, a commitment to deep and practical spirituality and to true ecology – caring for each other and caring for our planet. We seek to raise awareness individually and collectively in our day-to-day activities and radiate this out into the world. We hold a deep longing for humanity to live in peace and with gratitude and respect for the natural world.

We are a living, dynamic, practical experiment, building and seeking to demonstrate in physical form what is possible by working together as an intentional Community. We seek to create and hold spaces that are caring for the soul - places of beauty where we learn and practise the healing power of love. We seek to be visionary, vital, vibrant and viable on this Earth.

Part of our history and spiritual architecture has been three guiding principles for how to live and work in our Community. These principles are: inner listening, work is love in action, and co-creation with the intelligence of Nature. They continue to guide us today as articulated in our Common Ground statement. Individually we respond in different ways to the call of this centre. We welcome this diversity. Together we aspire to respond to the call of the world, to the call of our time.
